

Dubai Health Hack 2019 Abstract Submission Guideline

- List all the team members name along with team name (it is important to announce a captain/leader of the team to allow for easy communication).
- Abstracts must include sufficient information for reviewers to judge:-
 - the nature and significance of the idea/topic,
 - the adequacy of the implemented strategy,
 - the nature of the results, and the conclusions meaning converting the idea to it prototype.
 - The abstract should summarize the substantive results of the work and not merely list topics to be discussed.
- An abstract is an outline/brief summary of your paper and your whole project. It should have an introduction, body and conclusion.
- It should be a well-developed paragraph, should be exact in wording, and must be understandable to a wide audience. Abstracts should be no more that 150 words, and single-spaced, using size 12 font.
- The abstract should highlight major points of the content and answers why your work is important, what was your purpose, how you went about your project, what you learned, and what you concluded.
- If your title includes scientific notation, Greek letters, bold, italics, or other special characters/symbols, make sure they appear correctly.
- Plagiarism, copying or infringement of copyrights, trademarks, or products/ codes that are under legal review, will lead to immediate disqualification. And should the breach be significant enough, DHA have the right report the incident to the respective authorities for review and/ or prosecution.
